

BCB2015 - Special Session on Bioinformatics and Computational Biology

BCB2015 aims at bringing together researchers, students and industrial practitioners for exchange of new developments in all areas of bioinformatics and computational biology. We invite original full papers on any topic related to bioinformatics and computational biology. The submitted papers have not been published or under consideration for publication in any other journal or conference. Topics of interest include, but are not limited to:

- Expression Data Analysis
- Biological Sequence Analysis
- Genome and Transcriptome Analysis
- Disease Gene Prioritization
- Protein-Protein Interaction Network
- Gene Regulatory Network
- Statistical Genetics
- Systems Biology
- Computational Proteomics
- Computational Structural Biology
- Large-scale Data Management

Session Organizers

- **Dang Hung Tran**, Hanoi National University of Education
- **Ngoc Tu Le**, Japan Advanced Institute of Science and Technology
- **Cuong Nguyen**, Institute of Biotechnology, VAST
- **Ly Le**, School of Biotechnology, Ho Chi Minh International University

Paper Submission

The authors are invited to submit their full papers by the deadline through the KSE 2015 submission page <http://www.easychair.org/conferences/?conf=kse2015>. The submissions will be peer-reviewed for originality and scientific quality. The proceedings will be published by IEEE and be available at the conference. Papers should follow the LaTeX series format as described at IEEE-CS's website and should not exceed 6 pages.

(http://www.ieee.org/conferences_events/conferences/publishing/templates.html).

Post-conference publication: Several journal special issues related to KSE 2015 will be announced in due course.

Important Dates

- **Deadline for paper submission: 1 May 2015**
- Notification of acceptance/rejection: 1 July 2015
- Deadline for the final camera-ready: 30 July 2015
